

# THE HEART OF SONOMA

*Round out your trip to wine country with offers from Heart of Sonoma Valley Winery Association.*

**A**long the Sonoma Highway between the villages of Kenwood and Glen Ellen lies an idyllic stretch of land known in California as the

Heart of the Sonoma Valley. The Heart of Sonoma Valley Winery Association was established 30 years ago to promote the area, which is now home to dozens of wineries, as well as vine-

yards, inns, bistros, and shops.

The Heart of Sonoma Valley Wine Trail pass allows guests to visit selected wineries for complimentary tastings and wine discounts. For only \$20 per person for a one-day pass and \$35 per person for two days, the Wine Trail is an inexpensive but comprehensive way to tour the famous Sonoma wine country.

Every March, the Heart of Sonoma Valley Winery Association Savor Sonoma Valley festival showcases new releases from participating wineries and delectable offerings from local chefs, plus live music and reserve and barrel tastings. Celebrate the 25th annual event March 21 – 22, 2015.
